HWW is a 501(c)(3) organization founded in 2005 by senior women in the hedge fund and investment industries. We support our work through individual, foundation and corporate contributions.

TriLinc Global, LLC, founded in 2008, is a private investment company dedicated to launching and managing innovative funds that exponentially increase participation in impact investing. Founded on the conviction that significant private capital is needed to help solve some of the world’s most pressing issues, TriLinc Global’s primary goal is to create institutional quality impact investment products that will attract private capital at scale. Committed to attracting non-impact focused capital and setting a high standard for other impact offerings, TriLinc’s impact products are intended to offer investors the potential for market-rate financial returns with proof of positive, measurable impact.

TriLinc Global Impact Fund, LLC, TriLinc’s flagship fund intends to make impact investments in small and medium enterprises, primarily in developing economies, that provide the opportunity to achieve both competitive financial returns and positive measurable impact.
